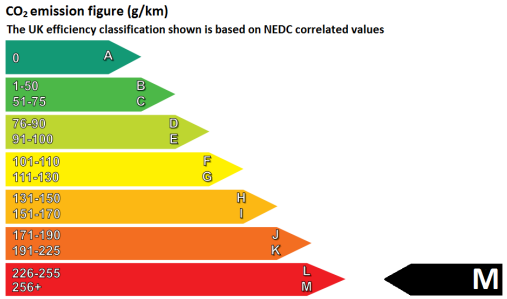
Fuel Efficiency
NEDC: CO2 emission: 367.0 g/km; Fuel consumption: 17.5 mpg / 16.1 l/100km [1]WLTP: CO2 Emission: 368.0 g/km; Fuel consumption: 17.4 mpg / 16.2 l/100km [2]



[1]
The values of fuel consumptions, CO2 emissions and energy consumptions shown are determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The values shown consider optional equipment and the different size of wheels and tyres available on the selected model and may vary during the configuration.

The values are already based on the new WLTP regulation and are translated back into NEDC-equivalent values in order to ensure the comparison between the vehicles. For the assessment of taxes or other duties based (at least inter alia) on CO2-emissions the CO2 values may differ to the values stated here.

-
[2]
The values of fuel consumptions, CO2 emissions and energy consumptions shown are already based on the new WLTP test-cycle and determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The values shown consider optional equipment and the different size of wheels and tyres available on the selected model and may vary during the configuration.
For vehicle related taxes or other duties based (at least inter alia) on CO2-emissions the CO2 values may differ to the values stated here.

-
The fuel efficiency label and VED banding shown is based on the current UK classification for new vehicle registrations (effective April 2017). For emission data, labelling and guidelines relating to your local market please contact your nearest sales outlet or from the relevant government authority in your region.

Further information on official energy and fuel consumption and the official specific CO2 emissions of new passenger cars can be found in the "Guide

to Fuel Consumption, CO2 Emissions and Electricity Consumption of New Passenger Cars", which is available at all outlets free of charge and at http://carfueldata.direct.gov.uk/in the United Kingdom, http://www.dat.de/angebote/verlagsprodukte/leitfaden-kraftstoffverbrauch.html in Germany or your local government authority.
